Tala Hamza Zinc Project Set to Accelerate Following Algeria’s Mining Overhaul

In a move that could redefine foreign investment in North African mining, Algeria has announced sweeping reforms to its mining policy—news that has been welcomed enthusiastically by **Terramin Australia (ASX: TZN)** and its joint venture partner, **Bejaia Zinc & Lead Spa**. These reforms arrive just as Terramin’s Tala Hamza Zinc Project—located in Algeria’s Bejaia Province and considered among the largest untapped zinc-lead resources globally—prepares for its next phase of development.
